State Sales Tax 5.7%; City Sales Tax 1.5%

Gas Cost Adjustment-Monthly, not included in the rates

TRANSPORTATION SERVICE - FIRM & INTERRUPTIBLE

Availability - This rate is available by contract to any Customer taking service under the City's Large General Service Tariff. The Customer is to arrange for delivery of natural gas to and receipt of gas from City's pipeline system. City reserves the right to deny service if, in its sole discretion, (1) adequate capacity does not exist in City's existing pipeline system to render the service, (2) such service would adversely affect City's sales customers, or (3) such service would pose a hazard to public safety.

Customer shall enter into a Natural Gas Transportation Agreement specified by the City.

Maximum Daily Delivery Quantity-Such maximum daily delivery quantity shall be specified in the executed service agreement.

Monthly Bill-

Rate-

The firm transportation rate will apply to all gas transported during the billing period up to the contractual firm/interruptible daily volume times the number of days in the billing period.

Monthly Transportation Charge-\$358.79

Rate-

Firm Service - \$0.2683/Th

Interruptible - \$0.2197/Th

Plus-

Interruptible Service Charge - \$0.0039/Th

In addition, the customer will be responsible for any other costs as specified in the Transportation Agreement.

Effective July 31, 2008

Telephone 702-876-7321

The following rates apply to:
Arizona including the Phoenix and Tucson areas

Tax Information

Municipal, State, and Other taxes are not included in the rates

TRANSPORTATION OF CUSTOMER-SECURED NATURAL GAS (Schedule T-1)

Availability-To any customer for transportation of natural gas by the Utility from any existing interconnection between the utility and El Paso Natural Gas Company (Receipt Point) to the delivery point(s) on the utility's system under the following conditions:

- 1) The Utility has available capacity to render the requested service without construction of any additional facilities, except as provided by Section 8 hereof;
- 2) The customer has demonstrated to the Utility's satisfaction in accordance with Section 6.8(d) hereof, the assurance of natural gas supplies and third-party transportation agreements with quantities and a term compatible with the service being requested from the Utility. Except for customers otherwise served under Schedule No. G-55, service under this schedule is limited to: (a) customers whose average monthly requirements at one of the customer's premises on an annual basis are no less than 15,000 therms, and (b) customers whose average monthly requirements at one of the customer's premises during the months of May through September are no less than 15,000 therms. Projected transportation quantities for customers otherwise served under Schedule No. G-55 shall not be less than 50,000 therms annually at one of the customer's premises.
- 3) The customer and the Utility have executed a service agreement in the form contained in this Arizona Gas Tariff for service under this schedule. A single service agreement may provide for service to any or all of the customer's separate premises, provided that all of the premises are under common ownership.

Rate-

The customer shall pay the Utility monthly the sum of the following charges: basic service charge, volume charge, gas cost balancing account adjustment, plus other applicable charges.

Minimum Charge-shall be the sum of the basic service charge and the transportation charge.

Tax Information

Total charges are subject to the applicable proportionate part of any taxes.

The following rates apply to all territories served by the company.

TRANSPORTATION OF CUSTOMER-SECURED NATURAL GAS (T-1)

Availability-To any qualifying customer for transportation of natural gas by the Company from existing interconnects between the Company and upstream pipelines to the delivery point(s) on the Company's system throughout its certificated Arizona gas service territory under the following conditions:

- 1) The customer and the Company have executed a Transportation Agreement, and the customer is to be the end-user
- 2) The customer's gas to be transported is greater than 120,000 therms per year

Back-up Service-For customers that desire the Company to maintain upstream pipeline capacity and gas supplies when their contracted transportation gas supplies are unavailable for delivery to the Company's system. The customer may specify all, a portion, or none of its transportation contracted requirements to be under this service.

Rates-

A discount from the following rates may be offered at the sole discretion of the utility if such discount is in the best interest of the Company and its ratepayers. The maximum amount that the customer shall pay the Company monthly will be the sum of the following charges:

Basic Customer Charge-\$100.00/meter per month

Volume Charge-An amount equal to the applicable transportation rate for each therm of customer-secured gas metered and delivered to the customer plus other applicable charges.

The rates per therm for transportation service from the city gate to the customer's facility are as follows:

Large Volume Commercial - \$0.1718/therm
Large Volume Industrial - \$0.0952/therm
Large Volume Public Authority - \$0.1198/therm
Plus other applicable charges

Minimum Charge-The basic customer charge plus \$0.005/therm plus the back-up service reservation rate, if applicable.

Term of Service-

- (i) Date service requested to commence;
- (ii) Date service requested to terminate; and
- (iii) Minimum term for transportation service shall be twelve (12) months.

Effective December 1, 2007
